

JOURNAL OF OCCUPATIONAL SCIENCE

The **JOURNAL OF OCCUPATIONAL SCIENCE** is designed to provide opportunities to publish articles of interest to many disciplines such as: anthropologists, ethnologists, ethologists, human geographers, philosophers, psychologists, occupational therapists, sociologists and social biologists.

The **JOURNAL OF OCCUPATIONAL SCIENCE** is committed to topical dialogue of this new and emerging discipline. It aims to give voice to the unique experiences, concerns and perspectives of the study of humans as occupational beings. It publishes refereed articles of qualitative and quantitative research of international standard.
